Eversley House

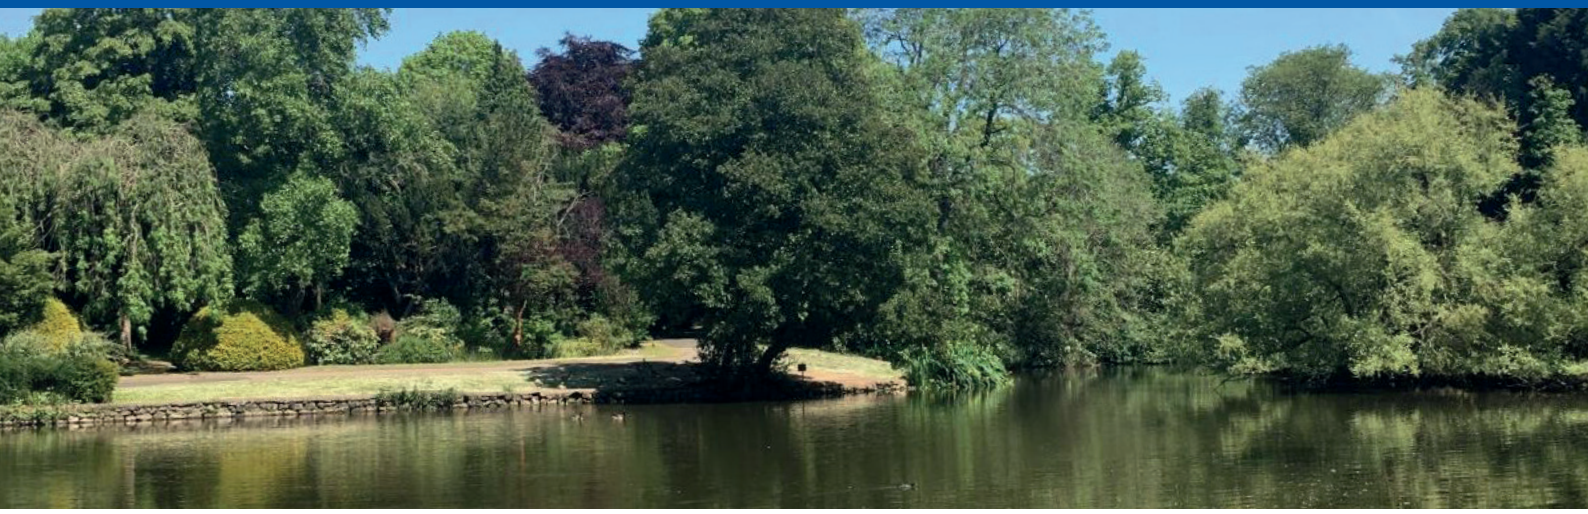

Stoke on Trent, ST3 4QG

Extraordinary days every day

Supported living service for individuals living with Autism, Learning Disabilities, Mental Health and Comorbid diagnoses

About Eversley House

Eversley House is a new Supported Living service designed to empower individuals with learning disabilities, autism, and complex needs to lead more independent, fulfilling lives.

Eversley House is designed for comfort & independence. Built to a high specification, the layout and facilities have been carefully considered to enhance the quality of life and independence of the people we support.

Eversley House provides support for those with:

- Learning Disabilities
- Autism
- Mental Health
- Comorbid diagnoses

Eversley House provides a safe, supportive, and homely environment where each individual is treated with dignity and respect. We are dedicated to providing care and support that promotes independence, choice, and personal development.

At Eversley House we are committed to supporting individuals to build greater independence, achieve personal goals, and lead fulfilling lives. At the heart of our service is a belief in person-centred care that promotes choice, autonomy, and meaningful progress.

Our approach focuses on helping each individual take control of their daily routines and develop the practical skills needed for a more self-sufficient lifestyle. Whether it's managing personal care, accessing the community, or building new life skills, our tailored support plans are designed to reflect the unique aspirations and strengths of each person we support.

Our tailored support helps people gain confidence in managing daily tasks, improving wellbeing, and working towards personal goals. Whether it's building life skills, accessing education or employment, or forming social connections, we focus on practical, person-centred outcomes.

Our service offers a range of therapeutic inputs designed to support the physical, emotional, and mental wellbeing of the people we support.

While our primary focus is on providing tailored support for daily living, we recognise that some individuals may benefit from additional therapeutic services. These services will be accessed through referrals to community services via the NHS.

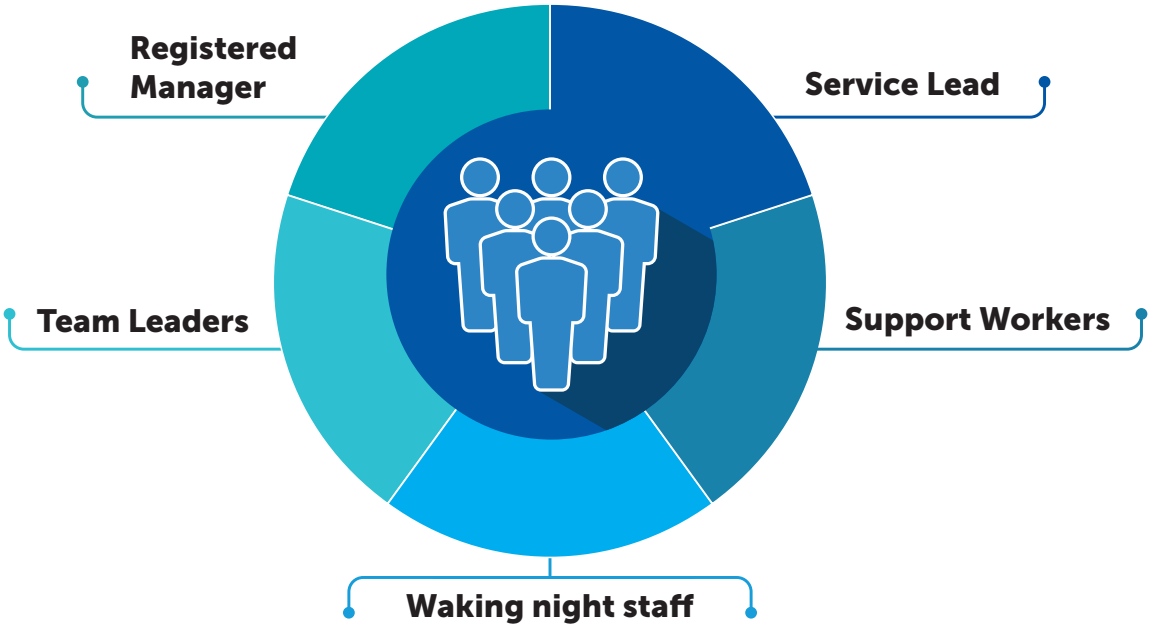

By collaborating with the NHS and community services, we ensure that the people we support have access to specialised therapeutic input when needed, enhancing the support we provide and helping individuals achieve their full potential.

Our Team

Every individual at Eversley House is supported by a dedicated member of staff, specifically allocated to ensure consistency, build trust, and form strong, supportive relationships. These staff members offer encouragement, guidance, and practical assistance helping individuals take confident steps toward greater independence.

Eversley House is staffed by a Registered Manager who also manages Supported Living services within Coveberry, A Team leader and experienced support workers.

Our dedicated support team have been carefully selected from Coveberry's Supported Living services within Stoke. Staff bring extensive experience in supporting individuals with learning disabilities, autism, mental health conditions, behaviours that challenge, and complex needs.

Environment

Eversley House offers four private, self-contained apartments, each tailored to provide comfort and independence. The apartments are spread across two floors:

Ground floor: Two spacious apartments, 1 with Ensuite

First floor: Two more apartments, 1 with Ensuite

Each apartment features:

- A kitchen perfect for personal cooking and dining
- A living room for relaxation and personal activities
- A bedroom designed for peaceful rest
- A bathroom or wet room with modern fittings

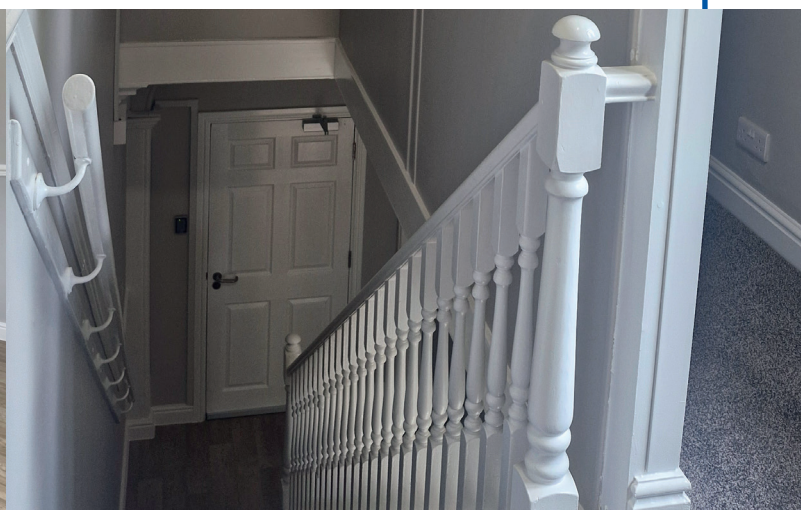

Every apartment features a spacious open-plan kitchen and living area, a double bedroom, and either a stylish ensuite or contemporary wet room. One ground floor apartment also includes a full-sized bath for added luxury.

The building also benefits from dedicated staff offices on both the ground and first floors, ensuring support is always close by.

Eversley House features a lovely spacious, private garden. The garden is designed to be accessible for individuals with limited mobility or wheelchair users, ensuring that everyone can enjoy the outdoor space comfortably.

The driveway to the house can accommodate cars with a large tarmac driveway. The front of the house is maintenance free.
